

Natural oil treatment for wooden floors

LEGNOARIA+ is a natural oil treatment for wooden floors, it has 100% solid content so it can be considered VOC free. LEGNOARIA+ deeply penetrate and protects the wood, enhancing the softness and the natural look of the wood grains.

AVAILABLE VERSIONS

NATURAL: transparent treatment to keep natural the colour of the wood.

COLORATO: coloured treatment to stain the wood.

Maximum resistances are reached after about 15 days at standard temperature and humidity conditions (20°C and 65% Relative Humidity). So before making any maintenance it is advisable to wait this time lapse. Grease and oil contained in some wood species may increase the drying time.

Use B-SOFT ALOE cleanser for regular maintenance, whereas for intensive cleaning the water-repellent dispersion of waxes B_WAX is highly recommended.

These information are given from the best of our knowledge and technical experience. They are of general character and not binding in any way our company. Every single case should be put to a practical test by the user who assumes the full responsibility of the final result of his work.

B-SOFT ALOE

A natural nourishing soap with extracts of Aloe Vera suggested for LegnoAria+ products. The extracts of aloe, leave a pleasant refreshing fragrance granting a better nourishment to the floor.

How to use: shake well before use. pour 3 caps into 1 L of water and wash the floor with a well wrung out cloth. Let the floor dry completely and shine with a soft cloth.

B-WAX

Suitable for the intensive maintenance of LegnoAria+ products subject to wear and tread and for extraordinary maintenance of spoiled floors. B-Wax gives to the surfaces a pleasant natural and water-repellent effect.

How to use: shake well before use. Apply B-Wax by spraying and use a cloth to spread the product uniformly. When dried and the surface is completely opaque, polish the floor with a soft cloth.
